PERRY AND CAREW: NEWEST HALL OF FAME INDUCTEES

Former Tribe pitcher and 300-game winner, Gaylord Perry and 7-time American League batting champion and current Indians Bunting and Baserunning Instructor, Rod Carew joined Ferguson Jenkins as the 1991 National Baseball Hall of Fame inductees.

Gaylord Perry

Perry, whose career spanned 22 seasons, broke into the majors in 1962 with the San Francisco Giants. On September 17, 1968 he fired a no-hitter over the St. Louis Cardinals to edge fellow Hall of Famer Bob Gibson, 1-0. After 10 years with the Giants he was dealt to the Indians in 1972.

In his first year with the Tribe Gaylord had his finest year, going 24-16 with a 1.92 ERA and 29 complete games. The 24 wins was the most by an Indians' pitcher since 1946 when Bob Feller won 26 games. For his effort he was named the 1972 American League Cy Young Award winner. His 21 victories in 1974 represent the last time an Indians pitcher won 20 games.

After his departure from Cleveland, Perry played for Texas, San Diego, Atlanta, Seattle, the Yankees and Kansas City. In 1978, while pitching for the Padres at the age of 40, Perry won another Cy Young Award, becoming the only hurler to win the award in both leagues. His career came to an end in 1983 with the Royals. Gaylord's overall record stands at 314-265 with a 3.10 ERA. He has been on 5 All-Star Teams, including a starting assignment in the 1974 Mid-Summer Classic at Pittsburgh. Gaylord ranks #6 on the all-time list with 3,534 strikeouts.

Rod Carew

Carew, who played in 15 All-Star Games, began his major league career in 1967 with the Minnesota Twins. That year he batted .292 and was named the American League Rookie of the Year. Rod's first batting title came in 1969 when he hit at a .332 clip. In a span of seven seasons (1972-78), Carew collected 6 batting crowns. In 1976 he hit .331 and was edged out of the batting title by George Brett (.333).

In 1977 he hit .388 and led the league in hits (239), triples (16) and runs scored (128), earning American League Most Valuable Player honors.

In 1978, his final season with the Twins, Carew won his last batting championship when he hit .333. He was traded to the Angels for the 1979 season and played with them for 7 seasons. He batted better than .300 in five of those years. Rod played in four A.L. Championship Series. Overall, Carew collected 3,053 hits and had a .328 career average. He batted above the .300 mark in 15 of his 19 years in the majors.

Rod joined the Indians on January 7, 1991 as the Bunting and Baserunning Instructor. He will work with the Tribe hitters in spring training and periodically throughout the season at both the major and minor league levels.

Congratulations to Gaylord, Rod and Ferguson on their induction into the National Baseball Hall of Fame.

Henry J. Peters

President and Chief Operating Officer

Hank Peters enters his fourth year as Tribe President. He signed a three year contract to serve as the Indians' President and Chief Operating Officer on November 2, 1987 and began his tenure in that role on November 16,1987. Peters signed a contract extension through 1991. It was a homecoming of sorts for Peters, who was the Tribe's Vice-President and Director of Player Personnel from 1966-71.

The 66-year- old (September 16, 1924) St. Louis native came to the Tribe after spending 12 years (November, 1975- October 5, 1987) as Executive Vice-President/General Manager of the Baltimore Orioles. During that time, Hank led the Orioles to a World Series berth in 1979 and the World Championship in 1983. He was named Major League "Executive of the Year" by The Sporting News in 1979 and 1983 and also won UPI's major league executive award in 1979.

A veteran of 44 years in professional baseball, Hank first broke into the game in 1946 after serving three years in the U.S. Army in World War II, during which he was stationed in England, Germany and Czechoslovakia. He started with his hometown St. Louis Browns, working in the minor league department.

When the franchise was moved to Baltimore in October, 1953, Hank took a job as general manager of the independent Burlington, Iowa Club in the class B Three-I League.

After the 1954 season, he joined the new Kansas City Athletics (who had just moved from Philadelphia) as farm director. He remained in that position through 1960. In early 1961, he moved on to Cincinnati, working as farm director of the Reds, who won the N.L. pennant that season.

Hank returned to the A's as assistant general manager/farm director in December, 1961. He was appointed general manager by club-owner Charles O. Finley in 1965. During his tenure, such future stars as Hall of Famer Catfish Hunter, Bert Campaneris, Reggie Jackson, Sal Bando, Joe Rudi, Rick Monday, Gene Tenace and Rollie Fingers were signed and developed in the A's farm system.

In 1966, Hank joined the Indians as Vice-President and Director of Player Personnel under President and General Manager Gabe Paul. Following his years with the Tribe, Hank was elected to succeed the retiring National Association President, Phil Piton, in December, 1971. At the time, the National Association was headquartered in Columbus, Ohio, but in September, 1973, Hank moved the office to its present site in St. Petersburg, Fla.

Hank and his wife, Dottie, whom he met while both were working for the St. Louis Browns, have been married for 40 years. They have two children, Sharon and Steven, and two grandchildren, Shannon Nicole Torrez, born December 12, 1980 and Christopher Henry Peters, born October 16, 1983, the day the Orioles won the 1983 World Series.

John Hart

Director, Baseball Operations

John Hart enters his second season as Director of Baseball Operations for the Tribe. He was named to the position in January, 1990 by Indians President Hank Peters.

Hart, 42, is a native of Tampa, Fl. who began his baseball career in 1969 as a catcher in the Montreal Expos organization. John then spent seven seasons in the Baltimore Orioles organization. He was a minor league manager for the Orioles for six seasons at the A, AA and AAA levels and compiled a 436-334 (.566) overall record. John was named Minor League Manager of the Year at Rochester (AAA) in 1986.

After spending the 1988 season as the Orioles third base coach he joined the Indians as a Special Assignment Scout following the '88 season. John served as interim manager of the Indians for the final 19 games of the 1989 season after the dismissal of Doc Edwards. During his brief stint as Tribe skipper the team compiled an 8-11 record.

John and his wife Sandi have been married for 21 years and reside in Fairview Park, OH. with their 18-year-old daughter Shannon.

Dan O'Dowd

Director, Player Development

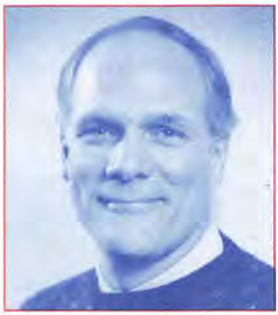
Dan O'Dowd enters his fourth season as the Indians Director of Player Development.

Dan came to the Tribe from the Baltimore Orioles organization where he spent two and one-half years as the Assistant Director of Player Development and Scouting.

Prior to his working with the Orioles, O'Dowd was with the Baseball Commissioner's Office working in Baseball Operations.

Dan is a graduate of Rollins College in Winter Park, Florida where he played four years of varsity baseball.

O'Dowd and his wife, Jackie, reside in Avon Lake, OH. with their son Christopher (10/4/90).



Mickey White

Director, Scouting

Mickey White was named as the Indians Director of Scouting in October of 1990. The 40 year-old White came to the Tribe after a two year stint as East Coast Scouting Supervisor for the Seattle Mariners.

Mickey began his professional baseball career in 1971 as a catcher in the Philadelphia Phillies organization. The 1973 graduate of Rutgers University (N.J.) was the Northeast Scouting Supervisor for the Cincinnati Reds from 1982 to 1988 prior to his move to Seattle. White coached baseball and football at his alma mater, Rutgers, from 1977-81.

Mickey and his wife Maryann reside in Strongsville, OH. with their three children: Karl (11), Erin (8) and Lauren (7).

1990 REVIEW

THE 1990 TRIBE

The 1990 Cleveland Indians, despite having 11 new faces on it's Opening Day roster, displayed a team-oriented style of play that resulted in the Major Leagues' 2nd best offense with a .267 team batting average. The Tribe also ranked 4th in the American League in runs scored with 732, a jump of 128 runs over their '89 total.

That team-oriented style of play saw the Indians finish in 4th place in the American League's Eastern Division, their best finish since 1976. And, in fact, just two games shy of their best finish since 1968.

The Tribe started the season by compiling a 9-9 record in April and closed out the season's first month in 4th place, only 4 games off the pace. By the end of May the Wahoos picked up two games in the standings and remained near .500 with a 22-23 mark. The Indians continued to play steady ball through June and they entered the All-Star break as a bonafide contender in 3rd place, 6 games behind the front-running Red Sox.

Cleveland sent three representatives to the 1990 All-Star Game played on July 10 at Wrigley Field in Chicago. Rookie Sandy Alomar, Jr. became the first rookie catcher to start a Mid-Summer Classic and was joined at the game by teammates Brook Jacoby, who made his 2nd All-Star appearance and reliever Doug Jones who was selected to his 3rd consecutive All-Star Team. It marked the first time since 1968 that the Indians had three players in an All-Star Game.

During the All-Star break, the Indians traded AAA catcher Tom Lampkin to the San Diego Padres in exchange for Alex Cole. After a couple of weeks at AAA Colorado Springs, Alex would change the look of the 1990 Indians. An aspect that the Indians lacked was added to the club - speed.

The Tribe started the last half of the season with their longest roadtrip of the year and despite going 6-8 on the 14-day marathon, the Indians returned home only 5 games out of first place. In the next 12 days the Tribe played 9 games against the last place New York Yankees and saw an opportunity to gain ground on the division leaders. The Indians proceeded to drop 9 of 12 game to New York and found themselves 9 1/2 games out of first on August 9. The Tribe entered the final month of the season 15 games out and in 6th place in the A.L. East.

Choosing to regroup, the 1990 edition of the Indians charged to their best September record since 1975 with an 18-13 mark. Included in the last month of the season was a roadtrip to Toronto and Boston when both teams were battling for the division title. The Tribe took 2 of 3 games from the Blue Jays, including a victory in their longest game of the year, a 13-inning affair, on September 21. The Tribe then made their way to Boston where they gained a split in their two game series.

The 1990 season ended on a high note for John McNamara's Cleveland Indians. The off-season acquisitions of Eric King, Shawn Hillegas, Willie Blair and Mike Huff add to the youth and exuberance of what make up the 1991 version of the Tribe.

Going into '91 the Indians have a number of young strong arms vying for positions on the pitching staff, a whole new look in the outfield and an established infield with strength up the middle.

LOUIS SOCKALEXIS: THE CLEVELAND INDIAN (1871-1913)

Louis F. Sockalexis was a Penobscot Indian from Old Towne, Maine and the first American Indian to play major league baseball.

Sockalexis, who played collegiate baseball at Holy Cross College in Worchester, MA., joined the Cleveland club in 1897. In his first season with the team he hit at a .338 clip.

His career was short-lived as Louis played for only three seasons. Over his brief three year career he compiled a .313 batting average. In his 2nd season with Cleveland Louis saw his average dip to .224. His final summer in the majors was 1899 when he appeared in only seven games and batted .273.

The team employed several nicknames throughout the years prior to the arrival of Sockalexis and after his departure. The one that was used for the longest period of time was "Naps", in honor of the team's player-manager Napolean Lajoie.

After Lajoie was released in 1914 a Cleveland newspaper held a contest to rename the team. The winning entry in the contest was "Indians". The fan that sent it in explained that it would be a testament to the game's first American Indian. The memory of Louis F. Sockalexis was not forgotten then, and today, 93 years later, he is still remembered.

HISTORY OF CLEVELAND NAMES

1869 -- **FOREST CITYS** (Cleveland known as the Forest City).
1889 -- **SPIDERS** (The 1889 Cleveland Club was comprised of many tall and skinny players so the management decided to accent their features and change the name to Spiders).

1902 -- **BRONCHOS** (The 1902 Cleveland players didn't like the name Bluebirds and were looking for a more forceful nickname before voting for Bronchos).
1903 -- **NAPS** (Discarded blue uniforms as a local daily newspaper sponsored a contest and Naps was selected in honor of Napoleon Lajoie).
1915 -- **INDIANS** (A local daily newspaper ran a contest and the name Indian was suggested by a fan who said he was doing it in honor of an Indians player named Luis Francis Sockalexis.

GAME ONE AT CLEVELAND STADIUM -- July 8, 1935
American League 4, National League 1

A crowd of 69,831 -- the largest throng to see an All-Star Game (until 1981 in Cleveland) -- packed the lakefront Stadium for just the third mid-summer classic in history. The partial American League crowd was thrilled to a 4-1 junior circuit victory, the A.L.'s third straight All-Star win.
Jimmy Foxx belted a two-run homer in the first inning and the American Leaguers coasted to the win as Lefty Gomez and Mel Harder baffled the National League hitters.

GAME TWO AT CLEVELAND STADIUM -- July 13, 1954
American League 11, National League 9

In a spectacular slugfest that set All-Star marks for runs and hits by the two clubs, the American League edged the National 11-9. The slugfest produced six home runs, including four by the A.L. The Indians' Al Rosen clubbed a pair of homers while he and his Cleveland teammates Bobby Avila and Larry Doby combined for eight RBI.
The 1954 contest was a wild seesaw contest which saw the lead change six times before the A.L. pulled out the 11-9 win with a three run rally in the eighth. Ironically, it was Nellie Fox's broken bat single over second base with the bases loaded in the eighth that provided the margin of victory.

GAME THREE AT CLEVELAND STADIUM -- July 9, 1963
National League 5, American League 3

After four years as a double feature, the All-Star Game went to a single performance and saw the National League utilize its speed and gain its first Cleveland Stadium win, 5-3.
Willie Mays was easily the game's outstanding performer, going 1-for-3 with two RBI, two runs scored, two stolen bases, a walk and the game's most scintillating catch. 44,160 fans saw the action.

GAME FOUR AT CLEVELAND STADIUM -- August 9, 1981
National League 5, American League 4

An all-time record All-Star Game crowd of 72,086 welcomed back baseball from the dreaded players strike and saw the National League edge the American 5-4. The 72,086 fans gave Cleveland the top three crowds in All-Star history.
Gary Carter clubbed two home runs, including a seventh inning solo shot to put the National Leaguers ahead to stay. Cleveland's Lenny Barker faced just six batters in his two innings of work, striking out one.

HOW TO FIGURE

Batting Average -- Divide the total number of hits collected by a player by the total number of at bats, Example: Player A is 12-for-40 or .300.

Slugging Percentage -- Divide the number of total bases by the total number of at bats. Example: Player A's 12 hits include six singles (6), one double (2), two triples (6) and three home runs (12) for 26 total bases in 40 at bats and a .650 slugging percentage.

Earned Run Average -- The total number of earned runs allowed by a pitcher is divided by the total number of innings pitched and then multiplied by nine for his per-game average. Example: Pitcher B has allowed 12 earned runs in 45 innings of work for a 2.40 ERA.

Fielding Average -- The sum of putouts and assists is divided by the sum of putouts, assists and errors. Example: Player C has made 16 putouts and 24 assists and two errors. That's 40 putouts and assists divided by 42 chances for a fielding average of .952.

Won-Lost Percentage -- Divide the number of victories by the total number of games played. Example: 22 wins and 18 losses produce a winning percentage of .550.

DESIGNATED HITTER RULE

A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the line-up cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

THE STADIUM, FOURTH ESTATE, SPRING TRAINING, AWARD WINNERS, MISCELLANEOUS

STADIUM INFORMATION

FIRST GAME IN THE STADIUM — Sunday, July 31, 1932, Philadelphia 1, Cleveland 0. Lefty Grove the winner, Mel Harder the loser.

FIRST NIGHT GAME IN THE STADIUM — June 27, 1939, Cleveland 5, Detroit 0.

FIRST FULL SEASON AT THE STADIUM — 1933, after which the Indians returned to League Park — playing occasionally at the Stadium. They returned to the Stadium on a permanent basis in 1947 and have remained there ever since.

LEAGUE PARK — Constructed in 1891 at Lexington Avenue and East 66th Street as the home field of Cleveland's professional baseball team. A capacity crowd of 9,000 jammed into the new park on opening day, May 1, 1891, to watch Cy Young beat Cincinnati 12-3. The wooden park was dismantled, following the 1909 season and replaced by a steel and concrete structure which was still known as League Park.

DUNN FIELD — League Park was rechristened Dunn Field in 1920 in honor of team owner James Dunn. The name reverted to League Park following Dunn's death in 1927.

FIRST GAME AT LEAGUE PARK — April 21, 1910, Detroit 5, Cleveland 0, (Attendance 19,867) League Park Capacity — 23,000.

LAST GAME AT LEAGUE PARK — September 21, 1946, Detroit 5, Cleveland 3.

FIRST YEAR FOR OUTFIELD FENCE AT THE STADIUM — 1947.

FIRST HOMER IN THE STADIUM — Infielder Johnny Burnett of the Indians in the 6th inning of the first game of the doubleheader against Washington on August 7, 1932. Cleveland won 7-4.

FIRST NO-HITTER IN THE STADIUM — Don Black of the Indians on July 10, 1947 against Philadelphia. Final score: Cleveland 3, Philadelphia 0.

NO BALL HAS EVER BEEN HIT INTO THE CENTERFIELD BLEACHERS.

LONGEST BALL hit in the Stadium, it has been determined, was by Indian first baseman Luke Easter on June 23, 1950. The ball landed in the upper deck, section 4 in right field — a total of 477 feet from Home Plate. Mickey Mantle, Frank Howard and Rocky Colavito have hit balls that bounced near the bleacher wall in left center field, some 465 feet from home plate.

TOTAL FIELD AREA at the Stadium covers 183,000 square feet, some 3 1/2 acres.

BASEBALL TARPAULIN at the Stadium is a 170-foot nylon square, weighs 2,500 pounds dry and 3,500 pounds when wet.

THE CENTERFIELD SCOREBOARD was completely rebuilt for the 1989 season. It has full message capabilities with a higher resolution than ever before. The new board has 24,344 lamps, over 5,000 more lamps than it previously had. Its dimensions are 136 feet long by 51 feet high. The lamp matrix, which flashes messages and scores, measures 86 feet by 24 feet. Also new in '89, a message board has been placed below the facing of the loges on the first and third base side. Each board has 4,096 lamps. Additionally, a new state of the art sound system has been installed as part of the centerfield scoreboard.

STADIUM LIGHTING is comprised of 920 metallic halide lamps and fixtures, installed in 1967, and produces in excess of 1,000,000 peak-beam candle power in addition to 398, 1,500-watt incandescent units from the old system. Total light output from the Stadium lighting system is equal to light output from 54,857 100-watt household bulbs.

LOGE BOXES were added to the Stadium in time for the 1975 season. There are 84 eight-seat loges and 24 six-seat loges — a total of 108. The loges, located below the facing of the upper deck, are air-conditioned, heated and entirely furnished by the Cleveland Stadium Corporation. There are three different color combinations and art designs for wall paintings. Furniture includes tables, chairs, couch, closed-circuit and all-channel color television, refrigerator, rest room and ice service. Total loge seating capacity is 816.

TRIBE ALTERS PARK DIMENSIONS

For the 1991 season the Indians have pushed back their outfield fence, making Cleveland Stadium the largest park in the American League, foul line to foul line.
With the '91 version of the Tribe placing a large emphasis on speed and run production, the Indians tailored the ballpark to fit the personality of the club. It marks the first time the fences have been moved in Cleveland Stadium since 1979 for the '80 season.

The new dimensions of the stadium are as follows:

Playing Field	New Distance	Old Distance	Difference
Left Field Line	320 ft.	320 ft.	——
Left Field	390 ft.	377 ft.	+ 13 ft.
Left-Center Field	400 ft.	387 ft.	+ 13 ft.
Center Field	415 ft.	400 ft.	+ 15 ft.
Right-Center Field	400 ft.	395 ft.	+ 5 ft.
Right Field	390 ft.	385 ft.	+ 5 ft.
Right Field Line	320 ft.	320 ft.	——

In addition to the changes in the distances, the Indians also have constructed a 36 ft. wide, 16 ft. high wall in straight-away center field. The fence will remain 8 ft. tall in the rest of the outfield.

TRIBE RADIO

Former Cleveland Indians pitching star **HERB SCORE** is beginning his 28th season broadcasting Indians baseball in 1991. The lefthander will team with **TOM HAMILTON** to provide commentary for all 162 regular season games and 17 spring training contests on **RADIO 11 WWWE**, 1100 on the AM dial, the Indians 50,000-watt clear-channel flagship station for the 19th consecutive season. The Tribe's extensive radio network now includes 32 stations spanning three states.

Score began his broadcasting career in 1964 as a color commentator on Indians TV telecasts. Herb took over as the radio play-by-play man in 1968. His legendary fastball helped him gain American League Rookie of the Year honors in 1955, becoming the first of four Tribesmen to do so to date. Herb posted a 16-10 record and a 2.85 ERA in '55, while setting the record for stikeouts in a season by a rookie pitcher with 245, a mark which stood until 1984 when it was broken by the Mets Dwight Gooden. The number still represents the A.L. Rookie mark. Score followed up those impressive numbers with a fine 20-9 mark with a 2.53 ERA in 1956. He also struck out 263 in just 249.1 innings of work. Herb was selected to the American League All-Star team in both '55 and '56.

Score concluded his eight-year big league career with a 55-46 mark and a fine 3.36 ERA. He struck out 837 in 858.1 innings pitched.
Herb and his wife Nancy have four children: Judith, Susan, Mary Kay, David and two grandchildren: Kaily Ann and Brian Jude. The Scores reside in Rocky River.

HAMILTON, 36 (August 19, 1954), enters his second season as a Tribe broadcaster. He comes to the Indians after spending three seasons as a broadcaster for the AAA Columbus Clippers, the top farm club of the New York Yankees, on WBNS Radio.

Previously, Tom had worked in Milwaukee, Appleton, Watertown and Shell Lake, Wisconsin.

Some of Tom's broadcasting credits include the University of Wisconsin football, University of Colorado basketball, Appleton Foxes minor league baseball and work for ABC Radio.

Hamilton is a native of Waterloo, Wisconsin. He resides in Bay Village, OH., with his wife Wendy and son, Nicholas, and serves as 3WE Sports Director and afternoon sports anchor.

TRIBE TRIVIA

DID YOU KNOW ... Satchell Paige, at the age of 42, pitched his first complete game in the majors, a 5-0 shutout over the White Sox at Chicago. And that on August 20, 1948 he piched his second straight shutout, 1-0 over the White Sox that attracted a Major Leage record night crowd of 78,362 at the Stadium

INDIANS BROADCAST HISTORY

The early days of baseball play-by-play broadcasting in Cleveland was highlighted by change. Broadcasting legend Tom Manning, known for his field announcing at League Park, was heard over radio station WTAM from 1929-31 covering most home games. Ellis Vander Pyl started the 1932 season on WHK, but was quickly replaced by another broadcasting legend, former Tribe player Jack Graney. For the next decade, when Tribe baseball was on the air, Graney was at the mike. His noteworthy partners included Gil Gibbons, Pinky Hunter and Lou Henry. In 1945, no Cleveland baseball broadcasts were heard because of radio network committments. Permanent radio play-by-play of Indians games was established in 1946 when Bill Veeck purchased the team. Before the sale, no games were broadcast in 1946. Soon after the Veeck purchase four stations carried the Tribe game of June 28, 1946 (Graney and Bob Neal on WGAR, Earl Harper on WJW, Don Campbell on WHK, and Manning on WTAM).

ITEMS OF INTEREST

FREE AGENT DRAFT RULE: **A BRIEF SUMMARY:** Major League and National Association clubs meet once a year for the purpose of drafting free agent player talent ... Selection of a free agent entitles the club to the exclusive right of negotiation with that player. Approximate date of draft meetings: Summer (early June).

(1) Regular Phase: Clubs choose in inverse order of Major League standings, selecting free agents and previous draftees who had not signed contracts but had instead enrolled in four-year colleges and since had either completed his junior year or become 21 years of age ... each organization may select only one player for each of its major league, AAA and AA rosters but is not limited to the number of picks for the "A" level ... Minor League clubs select in the same relative order as their parent clubs.

SUSPENDED GAME RULE: A game terminated by curfew or prearranged time limit is a suspended game if it has progressed far enough to be an official game (ie., 4-1/2 or 5 innings) (Rule 4.10).

A game terminated by light failure or malfunction of a mechanical field device under control of the home club is a suspended game anytime after it begins.

Suspended games shall be resumed at the exact point of suspension immediately preceding the next scheduled, single game between the two clubs on the same ground ... If this is not possible, other provisions for resumption are specified in American League Regulation 4.12 ...

Any LEGAL game called due to weather with the score TIED is a tie game and must be replayed in its entirety.

TRADING REGULATIONS:

SUBSTANTIVE

— The trading "deadline" is now July 31, waivers are required for any inter- or intra-Major League assignment during the period beginning August 1 and ending at 5 p.m. ET the day after the end of the season. During the other ten months of the year, no waivers are needed.

— It will be easier to compute which players need waivers before they may be optioned: if three years (less one month for each previously spent on option) have elapsed since the player actually reported to the major leagues for the first time, waivers are required. The date of the actual physical reporting will be used as a benchmark instead of the date the player was placed first on the 40-man roster.

—The procedure for outright assignments to the National Association remains unchanged from the 31st day of each season until August 31; during this period, ordinary waivers are required. However, from September 1 until the 30th day of the following season, special waivers are required:

The club must tender a special waiver request specifying that waivers are requested for the purpose of outright assignment to the National Association. The claiming period, as with other waivers, is three business days, and an assignment pursuant to special waivers must be completed by 2 p.m. ET the seventh day after waivers are secure.

PROCEDURAL

— AL Only and NL Only waivers have been abolished.

— New waiver periods:

November 11 - 30th day of the season
31st day of season - July 31
August 1 - November 10

ROOKIE QUALIFICATIONS: A player shall be considered a rookie unless, during a previous season or seasons, he has **(a)** exceeded 130 at bats or 50 innings pitched in the major leagues; or **(b)** accumulated more than 45 days on the active roster of a major league club or clubs during the period of the 25-player limit (excluding time in military service).

SAVE RULE: A relief pitcher shall be credited with a save when he meets all three of the following conditions: **(1)** he is the finishing pitcher in a game won by his club, **(2)** he is not the winning pitcher, and **(3)** he qualifies under one of the following conditions: **(a)** he enters the game with a lead of no more than three runs and pitches for at least one inning, or **(b)** he enters the game with the potential tying run either on base, at bat or on deck (ie. the potential tying run is either on base or is one of the first two batsmen he faces), or **(c)** he pitched effectively in the last three innings.

PLAYER LIMITS: 25 players from opening day through August 31 ... 40 players from September 1 through end of season ... Players in military service do not count against the under control list while on active duty. Upon separation from the service, a player will be reinstated to his club's normal player limits after he has completed a 15-day trial period or has participated in a championship game, whichever comes first.

MAJOR LEAGUE SERVICE:

— Is credited for each day the player appears on an active roster or major league disabled list or suspended list.

— In the case of a player called up from the minor leagues, is credited beginning with the date he physically reports.

ITEMS OF INTEREST (Cont ...)

— In the case of a major league player who is traded and reports in the normal course, service is not interrupted.
— In the case of a major league player sent down to the minor leagues, is credited through the date of the assignment.
— In the case of a player who is unconditionally released, is credited through the date waivers are requested.
— In the case of a player designated for release or assignment (MLR 2), is credited after the designation, through the date of the actual assignment or the request for unconditional release waivers.
— For a player who appears on his club's opening day roster, is credited as of the earliest scheduled opener, without regard to the actual opening date of his own club.
— Is credited at the rate of 172 days per "year," though the season is actually 182 days long.
— Is not credited during any period or periods of optional assignment totalling 20 days or more during a single season.

DETERMINING THE MAGIC NUMBER: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

DISABLED LISTS:

Supplemental (15-day)
-- Maximum: 2 players per club (one of whom may be a pitcher)
Regular (21-day)
-- Maximum 3 players per club
Special (30-day)
-- Maximum: one player per club (only used when supplemental and regular lists are full)
Emergency (60-day)
-- Maximum: no limit on the number of players. (Players carried on this list do not count against 40-man under control limit. If placed or transferred here after 8/1, player must remain through the end of post season.) Day one is day following players last game appearance.
-- Reinstatement may be made after the beginning Day 16, 22, 31 or 61 respectively; after minimum period has expired player may be reinstated at any time (except in certain "Emergency" cases — above).

AMERICAN LEAGUE CURFEW RULE: All night games must be called at 1 a.m., local time. However, if an inning is started prior to 1 a.m., it can be completed. Curfews shall be waived for the final series of the season, in each if the two parks of two contesting teams.

BATTING-PITCHING QUALIFICATIONS: To qualify for the American League batting championship, a player must have 502 or more plate appearances. This is equivalent to at least 3.1 for each of the 172 scheduled games). Pitchers must work 162 or more innings to qualify for the earned run average title.

PINCH HITTER RULE: A player shall be considered a pinch hitter if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. (If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared, he will not be considered a pinch hitter during that second time up). A substitute hitter for a designated hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate, he is a designated hitter only.

DESIGNATED HITTER RULE: A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included in the lineup cards presented to the umpire-in chief prior to the game. Failure to do so precludes the use of a designated hitter for that game. The designated hitter is "locked" into the batting order, but may be removed for a pinch-hitter or a pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

DEFINITION OF A NIGHT GAME: Any game scheduled to start after 6:00 p.m. will be considered a night game. If a game is scheduled to start at 6 p.m. and is delayed by rain, or for any reason, it will be considered a day game. Twi-night doubleheaders shall be included in doubleheader statistics and shall be considered two night games. When afternoon and night games are played on the same date with separate admissions, the games shall be day and night and count as single games.

CONSECUTIVE GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit. The player's individual consecutive-game hitting streak shall be determined by the consecutive games in which the player appears and is not determined by his club's games.
